

# At the Motherhouse

*Some of the Novices and Postulants enjoy the autumn foliage during a Sunday walk in the woods near the Novitiate.*

*Seven Postulants entered the convent at the end of September. They have begun their training in religious life.*

*About thirty ladies participated in a Day of Recollection at the Motherhouse. They attended Holy Mass, listened to spiritual conferences, and spent a quiet, peaceful day with Our Lord.*

*In mid-October, forty-seven young ladies took part in a weekend retreat at the Motherhouse. They had the opportunity to receive the Sacraments and to draw closer to God through prayer and silence. One of the exercises of the retreat was to make the Way of the Cross, following our outdoor Stations.*
