## The Harvest Is Great, the Laborers Few

Our world today desperately needs the prayer, reparation, and good works of religious sisters, brothers, and priests. Please join us in praying and offering sacrifices for an increase of priestly and religious vocations. In addition, we confidently rely on your material assistance in order to continue our life of prayer and good works. We are deeply grateful for your support, and we daily invoke for you the blessings of Heaven.

In the Sacred Heart,
